The following remarks and suggestions were made by Father Henry: There was one fault in the past year that we have had and that is we had only one Initiation and waited too long; that is the reason we do not get enough members. There should be periodic drives for members with regular application. If we approach a person, some School children, or some women of the parish and have them fill out a questionnaire, and sign it, then set a date for immediate initiation just as soon as we get a big enough group and are able to hold an initiation drive, it would be more successful. If we have more initiations our members will benefit more by it because according to parliamentary law these members that have not been initiated have no standing. Therefore, regular applications should be printed telling or giving a potential member the place of the Initiation, date and correct time and probably there will be more enthusiasm for the organization and loyalty of the members to support these affairs.

Upon motion duly made by Stanley Dydo and seconded by Mary Pollard, it was unanimously

VOTED: To have some kind of an application form printed.
